Consent for Service

As a condition of your procedures rendered by this office, financial arrangements must be made in advance. The practice depends upon reimbursement from the patients for the costs incurred in their care and financial responsibility on the part of each patient must be determined before treatment.

Patients who carry dental insurance understand that all dental services RENDERED are charged directly to the patient and that he or she is personally responsible for the payment of all dental services. This office will help prepare the patient's insurance forms or assist in making collection from insurance companies and will credit any such collections to the patient account. However, this dental office cannot render services on the assumption that our charges will be paid by an insurance company. As a participating provider, we must have your responsibility paid on the date of the services for the dental services rendered.
